

**Dear Prayer Support Team,**

Thank God his provision continues to come in and support levels are approaching near 100% of my original budget! At this moment according to my latest numbers I'm at about 95% of required monthly support.

However, as you all know, I'm trying to dramatically increase my support level far above and beyond the original budget. This is both to give me more financial leeway, as well as to set a foundation for the future should I continue on longer than one year in Japan (as a career missionary my support requirements from WorldVenture will be higher). This means I have about 5 to 6 weeks of intense support work left. So I would like to ask all of you:

**Please continue to pray that many more churches and individuals would become committed monthly supporters!**

Also please pray that God would continue to sustain me with energy and a positive attitude until the very end. Though I have enjoyed this process and God has given me plenty of energy and drive for it, I'm starting to feel some weariness and wanting to see the finish line.

Thank you for your commitment to pray with me for what God can do with this vision!
