BEAUTIFUL DAY

Beautiful Day has served the community through many types of projects ranging from individual homes, to neighborhoods and schools. Volunteers often desire projects where they feel they have direct impact with the recipients, but what can sometimes be overlooked is the impact Beautiful Day has on a school campus.

When Beautiful Day served Andrew Hill High School, several students showed up to serve alongside the team to makeover their campus. The students were curious why Beautiful Day was there. When they heard that people were there just to show love to others by serving, these students were taken aback by this kind of "no strings attached" service. This inspired them to start their own Beautiful Day club on campus to serve other students and the surrounding community.

James Lick High School underwent a significant transformation as well after a Beautiful Day team served there. Young Life partnered with Beautiful Day and after that weekend started a Christian student club on campus. Students were so impressed with the campus makeover that several came to the Young Life Club to check things out. One young man accepted Christ that year and ended up volunteering the following summer at the Young Life camp.

For those of you that were at each of these Beautiful Day sites, be encouraged. For all of us, be inspired.
